Rent Advance Benefits

For Property Owners

Rent Advances provide property owners with immediate access to future rental income at a 90% advance rate. This flexible financial solution helps you unlock the value of your rental properties without taking on traditional debt.

Key Benefits

1 Immediate Cash Flow

Access months of rent payments upfront without waiting for monthly tenant payments. Get the working capital you need today.

2 Grow Your Portfolio

Use your rental income to fund property improvements, cover down payments, or purchase additional investment properties.

3 No Credit Check Required

Approval is based on your property and tenant payment history, not your credit score. Your credit remains unaffected.

4 Predictable Costs

Receive 90% of your rental income upfront with a simple 10% fee. No hidden charges, monthly fees, or prepayment penalties.

5 No Tenant Impact

Your tenant continues paying rent normally and is never notified about the advance. The relationship remains unchanged.

6 Fast & Simple Process

Get approved quickly and receive funds within 3-5 business days. Minimal paperwork, maximum efficiency.

How It Works

1. Apply online or through your property manager in minutes
2. Get approved based on your property and tenant payment history
3. Receive funds within 3-5 business days (up to $60,000)
4. Repay through your regular monthly rent payments
